This home a neoclassic estate resting majestically on 4,000 m2 of land. Centrally located near the international airport Juan Santamaria, Plaza Real Cariari Mall, five star hotels and first class restaurants, and the Cariari Golf Course and Country Club, the home is private and secure, surrounded by high walls. Quality and elegance are showcased throughout the social areas. The focal point of the gigantic lobby entrance is the impressive suspended staircase that leads to the second floor, with hand railings in casted iron adorned by beautiful rosettes. The floors of the social areas come on Italian marble and below the staircase, a handcrafted rosetton made by hand piece by piece, by an Italian artist, becomes the emblem of the house. To the right hand side of the lobby entrance you will find the spacious living room with a grand working chimney with marble columns polished by hand and built by a local artisan. The living room comes with a bar area inspired in an English pub, made of fine woods and perfectly hand carved by a professional artisan. This area opens to the spacious covered terrace and gardens.
