There are three properties in all of Jaco that are worthy of being called a million-dollar penthouse. And all three are located in the Croc's Resort & Casino. This property which spans 3570 square feet is so large, it takes up 2 levels. But, let's start with the balcony. You have unobstructed views of the entire Jaco coastline and outdoor areas of the resort. You have an outdoor dining area, along with an outdoor social area and your own private jacuzzi. In the main living room, you have a tv area, a dining room area which leads into a separate kitchen area. In the kitchen you will find top of the line stainless steel appliances, an island that works perfect as a breakfast nook and ample space to prepare large meals for entertaining. This property is being sold fully furnished with top of the line appliances and furniture and very tasteful art work. On the second floor, which can be accessed through a private staircase, you will find the living quarters. There are three bedrooms, each with its own private bathroom. The principal bedroom offers views of the pacific ocean and those views expand all the way into the private bathroom. In the bathroom you have his and her vanity sinks and a hot tub with killer views. There are two additional bedrooms which also have amazing views. Besides all of the luxuries that this condo provides, the biggest benefit is the location.
