Nerea Faro Escondido represents one of the Central Pacific's most iconic, and exclusive developments. As with most real estate, a great project starts with a location and it would be difficult to find a location that tops this one. Nestled directly on the oceanfront, with pronounced elevation, the site at Nerea Faro Escondido boasts a nearly impossible combination of oceanfront, cliffside, ocean and sunset view, as well as the proximity to allow owners and guests to wake up and go to sleep with the unique sounds of the Pacific Ocean. Enter through the gates of the Los Sueños community, and then meander through the rain forest behind the championship golf course, as you make your way into the exclusive community of Faro Escondido. Once there, you will travel to the most iconic spot in the development to your home. The developers envisioned and spared no expense in creating an unmatched oasis of luxury with an abundance of common area amenities for the fortunate owners to enjoy including multiple pools, lounge, wine bar, recreational area, walking trail, driver's quarters, fully equipped gym, saunas and so much more. With only 12 residences, Nerea truly sets itself apart from the rest as the premiere beachfront condos on the Central Pacific Coast. This particular residence offers a 3 bedroom, 3 bath layout, with crisp, clean architectural lines, high ceilings, and an open

floor in the social areas. Of course, every aspect of the condo's design, which was brought together by award winning Costa Rican architect Janine Schneider, seeks to seamlessly combine the indoor with the outdoor allowing you to truly live the location, and immerse yourself in this luxury lifestyle. While the interiors are masterfully executed, and the common areas are both stunning and unique, the expansive balcony offered here will likely be your true refuge. Enjoy coffee and breakfast, a sunset cocktail and cookout with friends and family, while taking in the sights and sounds of the Pacific Ocean at your doorstep....Inquire to schedule a showing now.
