Tamarindo 360 offers some of the most spectacular views in town. This beach town has grown at a steady rate over the past decade, attracting tourists from all over the world with its stunning white sand beaches, excellent restaurants, several businesses where one can shop, and breathtaking sunsets. Tamarindo 360 takes this into account and found the perfect mix between luxury and eco-friendliness with the use of clever led lighting, solar panels, cross ventilation, inverter air conditioning units, and recycling bins. Costa Rica is renowned worldwide for its eco-friendliness. The opulent common facilities feature an infinity pool, lounge areas, a fitness facility, a BBQ, a bar, a yoga deck, a dog park, and a coworking area. The construction is anticipated to commence in January 2023 and complete in June 2024. Due to its pricing and position, Tamarindo 360 is not only a wonderful investment, but it may also be an outstanding source of income due to its exquisite amenities and prominent location. Upon entering this magnificent 3-bedroom, 3.5-bathroom apartment building, the guest bathroom will be on the right and the laundry room will be on the left. A few steps inside, one will find the living room, dining table, and kitchen in the same shared space, with a glass sliding door that opens to the terrace, allowing natural breeze to enter the house. With the treetops between the house and the beach, one may enjoy some of the best ocean views. The master bedroom will

offer a stunning ocean view, a walk-in closet, a bathroom with a double vanity sink, and access to a terrace with breathtaking sunset views. In addition, the second bedroom will feature a closet, a bathroom, and access to the terrace. The third bedroom will have a bathroom and a closet.
